CLARIFICATION FOR REQUEST FOR BIDS DOCUMENT THROUGH CLARIFICATION NO. 1

In accordance with Instructions to Bidders (ITB) 7, the Client has amended the issued RFB Document as shown below:

S/No	Section of Bidding Document	Clarification Request	ICTA's Response
1.	Page 35	This is to seek clarification on whether the quantity (LM) for the ridge cap for the powerhouse was omitted by an error of commission or omission? Attached is a screenshot of the page.(Page 35) Additionally, since the BOQ is quite bulky, could you share the excel format for easier filling of the BOQ. This will help contractors save time in preparation of the document.	The omission of the quantity for the ridge is by design (i.e. intentional). Bidders should enter the rate only and not extend or carry the item to collection or element summary. This is to set the item price and allow the Project Manager to make any economical design changes should need arise or as may be authorized by the Employer during contract administration without any dispute about pricing. The Excel Bills of Quantities for Lots 1, 2 and 3 in Excel format are attached.
2.		We would like to seek clarification on below tender requirement Technical Registration and Licensing Requirements; 2.Specialized Subcontractors (where applicable under ITB 34.3): Solar Installation Works: Valid Class A1/B License from the Energy and Petroleum Regulatory Authority (EPRA).- We would like to seek clarification on which EPRA License is required for above requirement, since the highest solar contractor	Clarification on EPRA licensing requirements for specialised works: The contractor shall hold the following valid EPRA licenses, as applicable per Lot: 1. <u>Solar Installation Works:</u> (a) Contractor's Class C1 "EPRA" License. (b) Technician's Class T3 "EPRA" License. 2. <u>Electrical Installation works:</u> (a) Contractor's Class A1/B "EPRA" License. (b) Electrician's Class A1/B "EPRA" License.
